

Bird Banding at Smithbrook Reserve

Saturday 3rd November, 2018

8.30am to 10.30am

Members from the Western Banders Group will be conducting their biannual bird banding research activity in the Smithbrook Reserve near Manjimup and invite you to come along to learn more about our local birds. This is a unique chance to see birds close up in the hand, watch how data is gathered and have your questions answered.
